AGENDA

Meeting with all IQAC Members In order to upload institutional AQAR for the year of 2015-2016, some details are required from some of the Department/Section/Office.

MINUTES

1. The Director IQAC welcomed the Vice-Chancellor and members.
2. The Hon'ble Vice-Chancellor chaired the meeting.
3. The Director IQAC delivered a brief presentation on current activities of the IQAC and the importance of submission of AQAR to NAAC. Asked members for their views to remove hurdles in collection of data for preparation of AQAR.
4. Prof. RLN Sastry expressed his view that collection of all data through any single office may delay the process.
5. In response, Prof. OSRL Sharma suggested that it's better to split the full AQAR and supply it to different offices.
6. The Vice-Chancellor and other members agreed for the above proposal and the
The Vice-Chancellor gave instructions to Director IQAC to prepare suitable proformas to collect the data from various offices.
7. The Director IQAC suggested that the office of IQAC would frame proformas within a week and circulate them to Offices/ Sections, concerned for the collection of data.
8. The Registrar suggested that his office would arrange necessary copies of the Proformas and certain instructions will be issued to the offices/ sections to provide required data at an early date.
9. The Director gave a vote of thanks to The Vice-Chancellor, Registrar and all the members.

AGENDA

1. Monitoring and analyzing OPAC logins.
2. Data collection on Journals published by Departments.

MINUTES

1. An online public access catalog (OPAC) is an online database of materials held by a library or group of libraries. Users search a library catalog principally to locate books and other materials available at a library. OPAC login analysis is a criteria for accrediting agencies and also a means of monitoring effective use of library resources by students and researchers. A preliminary enquiry reveals that such a monitoring has some lapses in our University, though the facility is available. It was resolved to ask the supplier of the software to implement server settings so that a monthly OPAC Analytics can be produced and is made available to IQAC. This will be a great way to monitor library usage. Director IQAC is requested to ensure proper server settings. Technical/human resources required for this may be provided by the Registrar.
2. In response the Registrar agreed to this proposal.
3. The editorial policy, periodicity, technical details, on-line availability etc., of the journals published by various departments are not compiled so far. Such a compilation will pave a way identifying lacunae and improve quality. IQAC is directed to approve the data collection.
4. The meeting was concluded with a vote of thanks by Director IQAC.
