FOREWORD

It is indeed a remarkable milestone and successful achievement in the history of this reputed Sanskrit Institution, wherein erstwhile, Rashtriya Sanskrit Vidyapeetha evolved into National Sanskrit University (NSU), Tirupati, a Central University with the passage of Central Sanskrit Universities Act 2020 by the Parliament of India, with effect from 30.04.2020. I have the honour of presenting the Annual Report containing some of the significant curricular and extracurricular activities of the National Sanskrit University (NSU), Tirupati for the year 2023-24 before all concerned. A glance at the academic programmes, research activities and extracurricular events that took place during the year 2023-24 reveals multi-dimensional exercises both in the fields of teaching and administration in conformity with the aims & objectives of the University, a premier Sanskrit institution. It is gratifying to note that because of the academic excellence, research programmes, academic and infrastructure facilities of the University, the enrolment of students during the year under report has gone up.

The teachers have also taken part in national as well as international symposia and conferences and presented their papers. The University has brought out several standard publications during the year under report to promote Sanskrit literature and Indian Culture across the globe. The University is also making progress in teaching and research during the year under report.

The most striking feature of the year concerned is that a number of students have qualified NET and some of them have got JRF for which others have been encouraged and inspired to go ahead with their academic mission. The placement of the pass-outs of the University in various institutions of the country has been highly encouraging. Much attention has been paid to ensure the harmonious growth of body, mind, and soul of our students by encouraging them to participate in physical education as well as yoga programmes.

Overall, a congenial atmosphere is maintained in the campus of the University because of the whole-hearted cooperation extended by all the concerned. It has helped the administration in achieving the aims and objectives for promotion of traditional Sanskrit learning and time-tested cultural values of the country to a great extent for which the University has been set up.

The Institution has experienced phenomenal progress in terms of development of infrastructure with the financial support of the UGC under the heads OH- 31, 35 & 36. Once again, I express my profound sense of gratitude to those who have extended their helping hands to the University in achieving success in all spheres.

Several Welfare measures for the staff of the University have also been continued during the year under Report.
