Area of Specialization :

1. Scientific and Technical writing in Hindi
2. Science Communication through Hindi
3. Language Technology
4. Educational Psychology
5. Presentation on Astronomy, Environment and Climate change
6. Research on Multi-disciplinary

Potential contribution of the study :

I could convert my academic scholarship into fascinating communicable student friendly knowledge. To encourage individual self-discovery and self-expression that values honesty. Students are able to reach their highest potential. Etymological teaching, the incorporating functional Hindi in teaching digital application in teaching Hindi, Hindi software introduction to create an interest among the students for making a career in Hindi Language the immense popularity and international importance of our national language, there is also a growing vista of employment in the field of Hindi. I would like to give a body of words having appropriate meanings of certain technical terms translated from English to Hindi for the benefit of those scholars and students who would want to pursue technical studies in Hindi Science Journalism.
