CIRCULAR

It is to inform that Hostel Administration circulated the information to all the hostellers to collect their luggage before 8th October, 2021. But till date only half of the students collected their luggage. Hence, students are informed that last date has been extended to 17th October, 2021 and students can treat this as their dead line. Further, there will be no extension and all the hostels will be handed over to engineering section for renovation work, painting etc. Students who locked their rooms/racks will be opened by breaking the locks. Once the hostels handed over for renovation Hostel Administration will not be responsible for any loss of student luggage.

Chief Warden

LECTURE - Pl. place in the website.
