Dated: 2nd April, 2024

CLARIFICATION REGARDING ITEM NO. 2.4.4

As many Indian languages have originated from Sanskrit, it is known as the mother of Indian languages. Apart from the GOI, many religious institutions / mathas / trusts have taken the onus upon themselves to preserve the rich heritage of Sanskrit in the Indian context.

It is in recognition to the service rendered towards the preservation and progogation of Sanskrit by the aforementioned religious institutions / mathas / trusts that the GOI offers 80G income tax exemption to the contributors of the mutt's/peethams.

Hence, the honors awarded by religious institutions / mathas / trusts are to be considered, as they are Government recognised bodies and therefore, awards obtained from those Mathas have been projected in the awards criteria by this University.
